## Wizard Progress

Wizards cannot use any armor or shields but can wear magical robes. Wizards can use a dagger, magical sword, bow as weapons, but not crossbows. Wizards are the only class that can use magic wands. A magic wand's bonus is added to the spell caster's spell damage, one extra point of damage to each target for each magical plus of the wand. Wizards can use any level scroll of wizard spells. On gaining levels 3, 6, 9, and 12 one attribute score is increased by 1, if the chosen attribute is less than 14 then the attribute is increased by 2.

The attack dice are adjusted by the caster's Dex and Str modifiers. Bonuses from magical equipment carry over to the new form.

## Gaining Levels

- The new hit point total is calculated by rolling the dice indicated on the character progress table. Add any species / class hit point bonuses to the dice total. Add the constitution bonus times the new level for the grand total of hit points. If the newly calculated hit points total is higher than the character's current number of hit points, that becomes the character's new hit points. If the new hit point total is lower or equal to the old hit point total, add one to the old hit point value for the new total.
- The death limit is increased.
- Weapons attack dice are adjusted. Attack bonus = class bonus + species bonus + dex bonus.
- Maximum number of spells are adjusted.
